As an independent security installation and service company, NAC DIVISIONS can design and integrate a security solution to your specific needs.

1 Full Voice Response

LYNX Plus speaks in plain English, indicating system status and zone descriptions.

2 Scheduling

LYNX Plus can be used to schedule events and reminders and turn lights on or off at specified times. It can even be used as a convenient alarm clock.

3 Family Message Center with Built-in Microphone

LYNX Plus opens the lines of communication, allowing family members to record and playback brief messages and reminders for each other.

4 "Follow Me" Alarm and Reminder Announcements

This valuable feature alerts homeowner to alarms and important reminders (e.g., taking medicine, etc.).

5 2 X 6 Custom Alpha Backlit Display

The vibrant, easy-to-read, Custom Alpha Display provides greater awareness by spelling out the exact type and location of an alarm in plain English so you can react quickly.

6 Remote Phone Control

LYNX Plus keeps you connected by allowing you to remotely operate your security system from any touchtone telephone - from your car, office, or anywhere in the world! It can also be used as a convenient, hands-free speakerphone.

7 Full-function 16-Button Keypad

Puts a wide range of security and convenience features at your fingertips

8 Two-Way Voice

Integrated two-way voice means central station operators can listen in and talk to you when a signal is received, reducing the risk of false alarms.

9 Built-in 85 dB Sounder with Voice Siren

10 Light Control

X-10 home automation and scheduling capabilities can turn lights and other devices on or off at pre-specified times.
